SUMMARY

Final-year Information System Management student at Universiti Teknologi MARA with knowledge of system analysis and design, database management, UI/UX design, and web development. Seeking a 24-week internship from 1 September 2026 to 12 February 2027 in system analysis, IT project support, data analysis, information management, or related information technology and information systems roles.

EDUCATION

Universiti Teknologi MARA (UiTM), Puncak Perdana Campus, Selangor Bachelor of Information Science (Hons.) Information System Management Current CGPA: 3.48	March 2024 - Present
Sekolah Menengah Kebangsaan Tenom, Sabah Malaysian Higher School Certificate (STPM) MUET: Band 4.0	July 2021 - August 2023

SKILLS

- Programming:** C++, PHP
- Data & Analytics:** Tableau, RStudio, OpenRefine
- Web Development:** HTML, CSS, JavaScript, Github
- Design & UI/UX:** Figma, Canva, Cohoom
- Database & RDBMS:** MySQL, phpMyAdmin
- Microsoft Tools:** Excel, Access, Project
- AI Productivity Tools:** ChatGPT, Gemini, Grok, Claude, Perplexity
- Soft Skills:** Teamwork, Time Management, Problem-Solving
- Languages:** Malay (Native), English (Intermediate)

PROJECTS

Farmé — Grocery Market Management System

Tools & Technologies: PHP, MySQL, phpMyAdmin, HTML, CSS, JavaScript

- Developed a grocery market management system with separate interfaces for customers and administrators.
- Built front-end, back-end, and database components to manage products, users, and transactions.
- Implemented product administration, customer purchasing, and automated receipt generation.

PawHaven — Pet Daycare Management System

Tools & Technologies: PHP, MySQL, phpMyAdmin, HTML, CSS, JavaScript

- Developed a web-based pet daycare system for managing bookings, payments, and care services.
- Implemented role-based access for three user types: customers, staff, and administrators.
- Integrated QR code-based payment functionality and downloadable reports for bookings and payments.

E-Certs — Certificate Generator System

Tools & Technologies: PHP, MySQL, HTML, CSS

- Assisted in developing a web-based system to automate certificate creation and management.
 - Built user and administrator modules for managing certificate information and recipient records.
 - Implemented automated PDF certificate generation with downloadable certificates for users and administrators.
-

Sprouts — Food Supply Chain Solution Prototype

Tools & Technologies: Figma, Canva

- Conducted research on food supply chain challenges in Indonesia and identified technology-based solutions.
 - Designed an interactive prototype incorporating Internet of Things (IoT) and artificial intelligence (AI) concepts.
 - Presented and refined the proposed solution based on research findings and project feedback.
-

S.Q — Community Website

Tools & Technologies: HTML, CSS, JavaScript, GitHub

- Developed a responsive community website with interactive and user-friendly features.
 - Implemented dynamic components, including image sliders and interactive interface elements.
 - Tested and deployed the website using GitHub Pages and applied basic search engine optimisation (SEO).
-

Flowsity — Campus Navigation Mobile Application Prototype

Tools & Technologies: Figma, Canva

- Designed a mobile application prototype to help students and staff navigate campus facilities.
 - Created user flows, wireframes, and interactive interface designs using Figma.
 - Designed navigation, friend finder, and campus information features to improve the user experience.
-

ACHIEVEMENTS & CERTIFICATES

- Silver Award for Best Design — Young Brainer Competition, 2026
 - Top 10 Finalist — International Prototype Design Competition, Proto-A-Thon 2026
 - Dean's List — Semesters 2 and 4
 - Fortinet Certified Associate in Cybersecurity (FCA), 2026
 - Fortinet Certified Fundamentals in Cybersecurity (FCF), 2026
 - FortiGate Operator 7.6 — Fortinet, 2026
 - Web Development Fundamentals — IBM, 2026
 - Data Fundamentals — IBM, 2026
 - Data Literacy — IBM, 2026
 - PHP Workshop — Certificate of Completion, 2026
 - Information Literacy Skills: Effective Citation Management — Mendeley, 2026
-

ACADEMIC & NON ACADEMIC INVOLVEMENT

- Volunteer, Khidmat Sosial BEST 2025, Wilayah Persekutuan
- Participant, International Cultural Exchange Programme – Satu Irama, Dua Budaya Airlangga (2025)
- Participant, International Student Forum: AI in Student Life – Bias, Integrity and Responsibility (2026)
- Participant, AI Anti Scam Challenge Competition, Kolaxus (2026)
- Participant, URIIS Student Biz Innov Challenge, Kolaxus (2026)
